## **Department of Computer Science & Engineering**

### **Report**

Program Title : **A One Day Technical Seminar on IoT and Smart Technologies**

Organized By : Department of CSE,SREC

Program Coordinator :Mrs.M.Jayamma

Date :09.01.2026

No. of participants :120

**A One Day Technical Seminar on “IoT and Smart Technologies”** was successfully conducted by the **Department of Computer Science and Engineering, Santhiram Engineering College (Autonomous), Nandyal, on 09-01-2026.**

The program was organized in association with the **IEEE Student Branch STB17901** and **IEEE Robotics & Automation Society SBC17901A**, with the objective of enhancing students' knowledge and awareness about emerging technologies in the field of **Internet of Things (IoT)** and **Smart Systems**.

The seminar commenced with a warm welcome to the dignitaries, faculty members, and students. The event was graced by the presence of our esteemed resource person **Mr. Dinesh Kumar Balki, AI Generalist – Brainovision**, who shared his valuable insights and expertise on IoT architectures, real-time applications, smart devices, and the integration of AI with IoT technologies.

During the session, the resource person explained the practical significance of IoT in domains such as smart homes, healthcare, industrial automation, and smart cities. The seminar was highly interactive, and students actively participated by asking questions and engaging in discussions, which enriched their understanding of the subject.

The program witnessed enthusiastic participation from students and faculty members of the CSE department. The seminar concluded with a vote of thanks, expressing gratitude to the management, Principal, Head of the Department, faculty coordinators, IEEE members, and all the participants for making the event a grand success.

Overall, the seminar was informative, inspiring, and beneficial, providing students with exposure to current trends and future opportunities in **IoT and Smart Technologies**.
