Respected Sir,

Sub: Invitation to Deliver a Presentation in One Day Seminar on “Research and Publications” – Reg.

Santhiram Engineering College (SREC) is one of the prestigious institutes in JNTU Anantapuramu, AP.

SREC is very proud to organize one day seminar on “**Research and Publications**” to provide an excellent value based education to all student participants. In this connection, you are invited to deliver a stimulating speech at one day seminar to be held at SREC **05/10/2021**.

We take the privilege of inviting you as a Resource Person for this program. I would be grateful if you kindly spare some time to grace the event.

Thanking you,

Yours Faithfully,

Mr.M. Siva Sankar

ABOUT THE COLLEGE

Santhram Engineering College (SREC) is sponsored by M/s Sri Shiridi Sai Educational Academy, Nandyal, under the guidance of Dr. M. Santhramudu (chairman of RGM group of Educational Institutions) in the year 2007 at Nerawada cross road on NH-40 with a motto of "Education for Peace & Progress". The college is functioning with different professional Student Chapters like IE (I), ISTE, IEEE, CSI & EWB.

VISION:

- *To become a nucleus for pursuing technical education and pool industrial research and developmental activities with social-conscious and global standards.*

ABOUT THE DEPARTMENT

The Department of Electrical & Electronics Engineering is offering UG program from the year 2007 with an intake of 60 Students to meet the growing demand for qualified technical personnel in the field of Electrical & Electronics Engineering. Department has a strength of continuous upgrading of infrastructure & laboratory facilities. The Department is having well qualified, dedicated and rich experienced faculty to enrich new concepts in students and develop their knowledge.

VISION:

- *Transform knowledge seekers to globally competent professionals in Electrical and Electronics Engineering.*

MISSION:

- *To produce technically proficient Electrical Engineers by imparting sound technical and practical knowledge.*
- *Centre of superiority in education and research in the field of Electrical and Electronics Engineering.*
- *To provide highest quality education through qualified and dedicated faculties in Electrical and allied Engineering.*
- *To develop technical and professional skills along with work ethics to fulfill the needs of Industry and Society.*

ABOUT THE PROGRAM

Nowadays, the research and publications are playing a vital role in the study and implementation of the student's knowledge in various fields of applications. The study of research concepts on research methods and methodologies are significant to imply the knowledge in a right way. Thus, the seminar on research and publications is being organized to the engineering students to inculcate the research activity in their learning methods.

The seminar will provide the best of the knowledge to engineering students on research concepts and will motivate them to imply in the learning methods.

SEMINAR TOPICS

- The following topics are the key contents of the seminar
 - Research – Meaning, Objectives, Motivation
 - Types of Research.
 - Publications and their importance.
 - Various reputed Journals and classifications.
 - IEEE Journals Importance in World Wide.
 - Research to Publications Path.

Target Audience:

- B.Tech. Students.

ABOUT THE COLLEGE

Santhram Engineering College (SREC) is sponsored by M/s Sri Shiridi Sai Educational Academy, Nandyal, under the guidance of Dr. M. Santhramudu (chairman of RGM group of Educational Institutions) in the year 2007 at Nerawada cross road on NH-40 with a motto of "Education for Peace & Progress". The college is functioning with different professional Student Chapters like IE (I), ISTE, IEEE, CSI & EWB.

VISION:

- *To become a nucleus for pursuing technical education and pool industrial research and developmental activities with social-conscious and global standards.*

ABOUT THE DEPARTMENT

The Department of Electrical & Electronics Engineering is offering UG program from the year 2007 with an intake of 60 Students to meet the growing demand for qualified technical personnel in the field of Electrical & Electronics Engineering. Department has a strength of continuous upgrading of infrastructure & laboratory facilities. The Department is having well qualified, dedicated and rich experienced faculty to enrich new concepts in students and develop their knowledge.

VISION:

- *Transform knowledge seekers to globally competent professionals in Electrical and Electronics Engineering.*

MISSION:

- *To produce technically proficient Electrical Engineers by imparting sound technical and practical knowledge.*
- *Centre of superiority in education and research in the field of Electrical and Electronics Engineering.*
- *To provide highest quality education through qualified and dedicated faculties in Electrical and allied Engineering.*
- *To develop technical and professional skills along with work ethics to fulfill the needs of Industry and Society.*

ABOUT THE PROGRAM

In recent years, many students are being the part of professional chapters to expose their technical skills in the product form of outcome at national and international level. So, the main aim of the program is to provide the awareness on the IEEE Resources available to the students and research scope with IEEE resources.

This seminar will provide the scope to engineering students to know more technical knowledge enhancement facilities through IEEE resources.

TOPICS

The following topics are the key contents of the seminar

- **IEEE Membership Benefits**
- **Research and Innovations**
- **IEEE Journals**
- **Research Collaborations among students**
- **Paper Presentations and Publications**
- **IEEE Lib**

WHO CAN ATTEND

Dear Sir,

Greetings. Thank you for your quick & positive response. Thank you for making us a part of National Intellectual Property Awareness Mission (NIPAM) to mark the occasion of the 75th anniversary of independence celebrations. We really happy for that. We would like to propose program date as 29 JAN 2022 (SATURDAY) between 3-4 PM. We would be preferred to have the program in online mode. Please let me know that if the date & mode of program are convenient for you or not. If online mode is preferred please mention the online platform suitable to accommodate 250-300 students. Looking forward.

regards

Re: IPCC/NIPAM/COLLEGE/2021/AP/VR/1050

On the occasion of the 75th anniversary of independence, Government of India has begun a mission to spread awareness on IPR among college and school students under the scheme - National Intellectual Property Awareness Mission (NIPAM). As a part of this mission, Office of the Controller General of Patents, Trademarks and Designs (CGPDT), is approaching selected institutions for conducting awareness programs on IPR.

Intellectual Property Rights (IPR) are exclusive rights granted in the form of Patents, Designs, Trademarks and Geographical indications. This awareness program would expose the students of your institution to various types of IPR which will ignite their intellectual thoughts and motivate them to innovate and further transform their innovative ideas into Intellectual Property assets. As you are aware, IPR is recognized as an important factor in grading institutions under NAAC and NIRF frameworks.

The awareness program is offered free of cost and will be available both in physical mode and online mode. The sessions will be handled by officials of the Intellectual Property office.

Please find enclosed herewith an official invitation for your esteemed intuition to collaborate in this mission.

For further details, you may please contact:

Subject: SREC- REQUEST FOR IPR -PROGRAM

Dear Sir,

Greetings from Santhiram Engineering College (SREC), Nandyal, Andhra Pradesh, India.

SREC was established in 2007 and it is a learning abode for 1400+ students offering various courses including B. Tech (ECE, EEE, ME, CSE, CSE-DS, CSE-G), M.Tech (ECE) and MBA. We have filed more than 20 Indian Patents so far since 2015 and received / granted one Indian patent and 3 Australian patents.

We learnt about National Intellectual Property Awareness Mission (NIPAM) and we wish to be part of this mission. We would like to propose to host a program for all our students & faculty and also other college stakeholders on IPR under NIPAM. I'm sure this program would benefit many students and faculty and would increase the number of patents filed in the near future that serves the purpose of NIPAM. So, please consider our request. Looking forward to it.

with regards

Dr.M.V.Subramanyam
